

Prepare for the SAT

Method Test Prep – your personal SAT instructor

100% online - nothing to download. You can access your Method Test Prep account from any internet-connected computer.

Each week there are several tasks assigned; simply click on the task to begin working.

Each task has an approximate time assigned to inform the user about how long it will take to complete.

- You are provided with a weekly schedule to help organize your efforts
- Every module is broken up into 15-20 minute tasks

Smart Idea: Click on the black arrows to sort the columns. By sorting weakest to strongest, one can easily identify which lessons to review or quizzes to retake.

Students can see how many questions answered correctly by concept.
