Hello, I am Chali Davis, the new principal at Milford High School. I am patiently waiting, in this quiet school, for the teachers, staff members, and students to return at the end of August! It is a bit surreal to move in to a new school during the summer: There are only a few people about, and all the furniture is in the hallways! While I am impressed with all the hard work that is going on around me, and enjoying getting to know the other admins. and staff, a school is only a building until the heart and soul of it returns: the people, the relationships, the educational pursuits, the co-curricular hustle bustle.

Until that time, I wish for you a relaxing, fun-filled, safe, making-good-choices kind of summer. I'm looking forward to becoming part of the Milford High community. If you want to know about my job history and education, there's plenty of that in the newspaper. Here are the important facts:
